# QNX IDE FAQ (Frequently Asked Questions)#

- General, Startup
- Debugger FAQ
- Projects and Build FAQ

## What to do if this FAQ did not help?#

- Look at the IDE log file located here: <workspace>/.metadata/.log. It contains exceptions recorded during execution. Occasionally, it contains information that might answer your question.
- Search the internet. You will likely encounter results to help answer your question from the QNX forum, CDT forum, or the Eclipse forum.
- Post a message to the IDE forum.
- Contact QNX Customer Support.
